

A hybrid exhibition within the fields of art and chemistry

## Art in Perpetuity Trust

6 Creekside, Deptford, London SE8 4SA

Thursday 23<sup>rd</sup> November to Sunday 3<sup>rd</sup> December 2023

Thursday to Sunday 12 pm to 6 pm

Private View 6 - 8 pm Thursday 23<sup>rd</sup> November

In Valency 14 artists and research chemists will be exhibiting their work in the latest of our series of art / science hybrid exhibitions. There will be exhibits on display that cover medical applications, the chemistry of detection, the exploration of the nano-world and the role of myth and dream in the inspiration of ideas. The participants range from established artists and professors of chemistry to recent graduates and Phd researchers. Visit the website below for more information.

*Participants:* Adam Blaney | Cristina Giordano | David Bloor | Huan Wang | Jan Jarosz  
John O'Mara | Licia Dossi | Liv Tsim | Marinus van der Sluijs | Nicola Rae  
Olga F. Koroleva | Paul Malone | Sabrina Simoncelli | WHABBstudio

Curated by Paul Malone and Nicola Rae. Curation assistance by Haoyue Chen
